WORK EXPERIENCE

Innovate Labs

November 2024 - Present

Lab Outreach Assistant

Innovate Labs is an educational research lab providing students of all disciplines with opportunities and resources to learn, explore, and develop industry-valued skills outside the classroom around emerging technology and analytics.

- Collaborate with UConn student clubs to plan and coordinate engaging, technology-focused events
- Lead communication and logistics for club partnership events, including scheduling, outreach, and follow-up
- Develop lesson plans and prepare materials to deliver interactive, educational experiences designed for each club's interests

Rogers School Community Center Organization (ROSCCO)

October 2023 - May 2024

Middle School Activity Leader

ROSCCO is a nonprofit organization based in Stamford, Connecticut. It was founded in 1975 with the purpose of partnering with schools and community agencies to provide vocational and enrichment programs to the community.

- Oversaw and supervised children during their participation in various programs and activities, ensuring their well-being and safety at all times
- Provided support and guidance to children as they engage in educational and recreational activities
- Served as a resource for staff members, providing assistance with organizing materials

EXTRACURRICULAR & VOLUNTEER ACTIVITIES

UCONN Stamford Muslim Student Association (MSA)

August 2024 - May 2025

Digital Media Coordinator

The Muslim Students Association at UConn Stamford aims to create a supportive space for both Muslim and non-Muslim students to discuss and learn about Islam.

- Design and share Instagram posts to promote MSA events and build campus visibility
- Coordinate with board members to plan events that aligns with MSA's mission and outreach goals
